	8/26/12	11,401	737	2,796	208
	9/2/12	11,488	727	2,820	207
	9/9/12	11,575	732	2,862	210
	9/16/12	11,663	744	2,869	214
	9/23/12	11,663	748	2,910	214
	9/30/12	11,663	751	2,910	217
Aug. USDA	8/10/12	10,779	605.5	2,692	184.6
Sept. USDA	9/12/12	10,727	605.0	2,634	184.6

*Note: Margins of error are large. These are in the range of plus or minus 5% in June/July and plus or minus 4% in August. Errors for the final crop ratings in September still average about 2.5%. Thus, you should not assume these estimates are correct, and do not take market positions based on these numbers alone.
